## **AASP National Offers Free Webinar**

The Alliance of Automotive Service Providers (AASP) is offering a free webinar, “How to Save a Problem Employee,” on December 6, from 12:00 – 1:00 p.m. CST. The members-only webinar will be led by instructor Rick White of 180BIZ.

A recent CNN article stated that even with a loss of 33,000 jobs as a result of the recent hurricanes, the jobless rate is at 4.2%, the lowest it has been since December of 2000. This is considered by economists to be FULL employment. Finding a job is easier now than it's been in years according to CNN. Job openings are at a record high - shops need to adopt new strategies to keep the employees they have.

This webinar will touch on the current conditions, but focus on turning lackluster problem employees into productive members of a high-performance team.
